MOW IT DOWN...WITH AMERICA'S #1-SELLING BRUSH MOWER!

- Cut thick field grass, brush, and 3" thick saplings
- Open up views, mow trails, clear underbrush from woodlots
- Big power and excellent traction get through rough terrain and up hills

12.5 HP PREMIER

13 HP PRO

For all-around brush clearing versatility, nothing beats our self-propelled walk-behind DR® FIELD and BRUSH MOWERS. The machine's narrow width gets you in between tightly spaced trees. Wide tires smooth out bumpy terrain and dig in when going gets rough. High-torque engines provide the power to take out anything that grows — even if it's up to 3" thick. Clear a trail, take back a meadow, or thin an overgrown woodlot. With a self-propelled FIELD and BRUSH MOWER, the ways to improve your property are endless.

A deep mowing deck design and a high blade tip speed allow the FIELD and BRUSH MOWER to cleanly cut a lot of material. Once material is cut, it's blown out the wide discharge chute and distributed evenly, to prevent clogging or slowing down.

SELF-PROPELLED Models

FOUR SPEEDS TO MATCH THE TERRAIN With multiple gears (three for the PREMIER model) you can choose the pace that's most comfortable for you and for the material you are cutting. Reverse gear gets you out of tight spots.

QUICK-CHANGE ATTACHMENTS Just pull one pin to remove the Brush Deck and slide on the Lawn Mower, Snow Thrower, Generator, Chipper, or the Grader/Snow Blade. (See page 12 to find out more. Attachments not available for PREMIER model.)

PROTECTED BY A 2-YEAR WARRANTY against defects in materials and workmanship (in residential use).

15 HP PRO

17 HP COMMERCIAL

THE NEW 12.5 PREMIER™ is ideal for close quarters mowing. Take it into thick green grass or clear out tough weeds and woody brush.

CHOOSE ONE OF OUR PRO OR COMMERCIAL models for your toughest brush clearing tasks. Heavily built for mowing in rough conditions. Plus, these machines accept optional attachments for year-round use.

MOW WHILE YOU RIDE, TO CLEAR ACRES OF OVERGROWN PROPERTY!

- Attaches to most any riding mower, utility tractor, ATV or UTV
- Mows 6-foot tall field grass, tough stubborn brush up to 2" thick
- Clears a 44" swath in a single pass

Got big areas to clear? Want to mow in ride-on comfort? Look no further than the Tow-Behind DR® FIELD and BRUSH MOWER.

Cutting a 44"-wide swath, this rugged mower quickly reclaims meadows, overgrown pastures, fields, and more. Whether you choose the 13 HP PRO or the 17 HP COMMERCIAL model, the heavy-duty swinging blades have plenty of power to effortlessly slice through woody material up to 2" in diameter. A wide rear discharge chute prevents clogging, even in thick 8-foot high weeds and brush.

Hook up with a Tow-Behind model and enjoy the ride. It's the fastest way to take back your overgrown property.

WELDED MOWING DECK IS SUPER STRONG Made of 1/8"-thick steel (11-gauge) for maximum strength and longevity in rugged, field mowing conditions. The deck's funnel shape provides extra strength and rigidity, while creating a non-clogging discharge out the back.

NO HASSLE, STEP AND MOW™ HEIGHT ADJUSTMENT Choose your mowing height — from 4" to 7-1/2" — with an easy foot-operated adjustment system.

PROTECTED BY A 2-YEAR WARRANTY against defects in materials and workmanship (in residential use).

EASY on you.
TOUGH on weeds and grass!

- 5x the power of hand-held trimmers
- Mow 3-foot weeds without strain
- Trim fast, with precision and ease

Hand-held string trimmers are no match for the powerful DR® TRIMMER/MOWER. With up to 8.25 ft/lbs of torque, this machine has the muscle to mow stubborn weeds without wrapping or tangling. Gliding along on its front-mounted Mow-Ball® Support, the TRIMMER/MOWER maneuvers easily, and quickly takes care of any trimming job. Precise control allows you to trim your entire property with beautiful results. And big, easy-rolling wheels support the machine...instead of your arms, neck and back.

Mowing tough, woody material?

See our FIELD and BRUSH MOWERS on pages 2-5.

MOW WAIST-HIGH GRASS AND WEEDS! The DR® TRIMMER/MOWER has the power to cut thick, wet material fast...without clogging or wrapping.

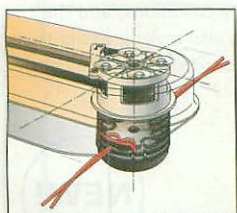

ALUMINUM FRAME HAS A LIFETIME WARRANTY

The PRO, COMMERCIAL and SELF-PROPELLED models feature an aluminum frame that is guaranteed against cracking or breaking under normal use. SPRINT® model has a solid steel frame.

CORD ATTACHMENT IS SIMPLE AND EASY No tools, no knots required...plus you can choose from 6 cutting height adjustments (1-1/2" to 4") at the same time you attach your cords.

PROTECTED BY A 2-YEAR WARRANTY against defects in materials and workmanship (in residential use).

Anti-wrap design, instant cord attachment and rugged cast-aluminum bearing assembly make the patented Trimmer Head better!

Trim and mow where other machines can't. Using flexible, long-lasting nylon cutting cords, the DR® TRIMMER/MOWER cleans up all those areas where you'd never take an ordinary steel bladed mower.

Low Emissions Engine Upgrade Required for California Buyers

California State law requires CARB Certified engines on all TRIMMER/MOWERS shipped to California. Also available for users in other states. **Add \$24.95**

Protect trees and plants from accidental overtrimming

With the Tree Guard attached to your TRIMMER/MOWER, overtrimming and the girdling of trees and shrubs will never happen again. When using a full length of cutting cord, the Tree Guard will leave a 1"-wide protective buffer around anything you're trimming or mowing. Goes on/comes off in less than 2 minutes. Once the mounting plate has been installed using the two bolts that are included, the tree guard goes on/off using the two pins (also included). Heavy-duty steel construction.

#24060 TRIMMER/MOWER Tree Guard \$59.95 NOW \$39.95

Fits all models with a 4-bolt pattern on the front frame, as shown below.

Trimmer cord holder keeps extra cord at hand!

Now you'll never run out of cord while on the job! The Cord Caddy mounts on the handlebar of your DR® TRIMMER/MOWER and keeps dozens of cutting cords within easy reach. Attaches easily with a screwdriver (hardware included). 24" long x 1-1/2" diameter. Cutting Cord not included.

#21642 Cord Caddy \$19.95

#19727 DR® TRIMMER/MOWER Accessories Value Package \$129.95

Trimmer cutting cord breaking off or pulling loose?

If the cutting cord for your DR® TRIMMER/MOWER is breaking quickly or if it's slipping out of the Trimmer Head, it may be time to replace the Trimmer Line Plates. Older style line plates can wear out after many years and cause the cutting cord to wear prematurely and slide out.

With a set of new Line Plates your cutting cords will remain in place in even the toughest trimming and mowing conditions, and the cord will last longer, too. These new plates also make it easier than ever to install and replace cutting cords. For use with 155 mil and 175 mil cutting cord only.

#26364 Trimmer Line Plates (4) \$12.95
For models purchased after 2/1/01

#26370 Trimmer Line Plates (6) \$19.95
For models purchased on or before 2/1/01

NEW!

Give your machine new life with a fresh battery

If your machine's engine doesn't turn over quickly

or if the battery no longer takes a charge, it may be time for a new battery. Installing a new one will boost the starting power of your engine, especially on cold mornings and after it has been sitting awhile. Batteries are sealed and completely maintenance-free.
