

## 5 WAYS BETTER THAN ALL-STEEL INSERTS!

**1. Easy to Install** All you need are a few common tools. No welding, drilling or alterations are needed. The DUMP-PRO® slides into your truck bed and locks into place with high-tension clamps.

**2. Lightweight** All-steel Inserts can weigh as much as 1000 pounds. That results in a much lower payload capability for your vehicle. The DR® DUMP-PRO® weighs as little as 386 pounds, so you can carry heavier loads.

**3. Removable** The DR® DUMP-PRO™ is the only dump insert that's quickly and easily removable. Thanks to the Quick Change-Out™ feature, you can remove the DUMP-PRO® in just a few minutes. There's no hauling it around when you don't need it.

**4. Won't Dent, Rust or Corrode** Our polyethylene bed won't rust and dent like steel beds. It stands up to any weather and requires no maintenance. Stainless steel hardware won't corrode.

**5. No Costly Hydraulic Systems** The hydraulic systems used with steel inserts require maintenance and are costly to repair. The DUMP-PRO® electric winch is simple and reliable.

### STEEL-REINFORCED POLYETHYLENE BED CAN'T BE BEAT

You'll never have to worry about damaging the DUMP-PRO® bed. Made of industrial-grade polyethylene, it's proven to hold up to the toughest loads.

The DR® DUMP-PRO® is lighter than other dump inserts, so you'll get more overall carrying capacity *and* save on fuel costs.

### CONTROL AT YOUR FINGERTIPS

Flip a switch to tilt the bed and unload. Flip it again to return to the down position.

### SUPER-DUTY ELECTRIC WINCH

An electric winch with up to 4000 lb. capacity puts an all-steel gear drivetrain together with a permanent magnet motor, for years of dependable use.

Use the 6-foot model with an 8-foot bed and you'll have room to spare!

SEE PRICING AND ACCESSORIES ON NEXT PAGE →

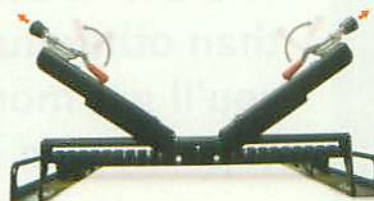

## EASY TO INSTALL AND OPERATE.

### NO DRILLING OR WELDING REQUIRED

The DR® DUMP-PRO® slides into your truck bed and locks into place with two high-tension stainless steel clamps.

### HITCH ASSEMBLY SECURES THE DR® DUMP-PRO® IN PLACE

An adjustable hitch assembly mounts to the trailer ball hole. If you have a square receiver hitch it will still be available for towing.

**PROTECTED BY A 2-YEAR WARRANTY** against defects in materials and workmanship (in residential use).

**WARNING!** DO NOT EXCEED TRUCK'S GROSS VEHICLE WEIGHT. SEE YOUR OPERATOR'S MANUAL.

## ACCESSORIES

**GET EXTRA VOLUME CAPACITY FOR LIGHT LOADS WITH THE HI-SIDES™ KIT**

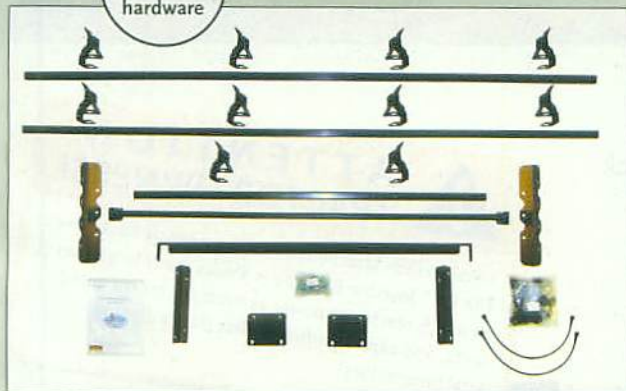

With the Hi-Sides™ Kit installed you'll increase the volume capacity of your DUMP-PRO® by as much as three times. Ideal for hauling leaves, grass clippings, hay, brush, even firewood. Kit includes heavy-duty steel brackets that mount on the DUMP-PRO® frame. You supply plywood sides that bolt into place. Steel crossbars add strength and rigidity. All mounting hardware included.

**#28035 6-foot Bed Hi-Sides™ Kit \$449**

**#28029 8-foot Bed Hi-Sides™ Kit \$499**

Includes  
all mounting  
hardware

**PREVENT LIGHT LOADS FROM BLOWING AWAY WITH THE TARP & BUNGEE KIT**

The Tarp & Bungee Kit fits over the Hi-Sides Kit, to prevent lightweight cargo from blowing away during transport. The tarp is made of heavy-duty vinyl-coated polyethylene mesh with reinforced double-stitched hems and large brass grommets. The tarp is tightly secured to the Hi-Sides Kit with super-duty bungee cords. Goes on and comes off in just minutes.

**#28031 6-foot Bed Tarp & Bungee Kit \$129**

**#28030 8-foot Bed Tarp & Bungee Kit \$149**

**IMPROVE LOAD HANDLING AND STABILITY WITHOUT HARDENING THE RIDE!**

With SuperSprings® you can fully load your truck without causing sway or sag. SuperSprings® work with your existing factory springs and kick-in only when loaded.

These self-adjusting suspension stabilizers prevent bottoming out and increase driver control when hauling heavy loads. Plus, they help to extend the life of your vehicle's brakes, tires, and existing suspension. Independently tested to give a 30% improvement in driver control by drastically reducing sag and sway while maintaining a nice, smooth ride. Quick, easy installation with no maintenance or adjustments required.

# DIG IN!

**TRENCHES • FOOTINGS • DRAINAGE DITCHES • SEPTIC SYSTEMS • SMALL PONDS • STUMP REMOVAL  
LANDSCAPING • STONE REMOVAL • SPREADING DIRT AND GRAVEL • WATER AND POWER LINES**

- All the digging power of a tractor-mount backhoe
- Tow with a riding mower, ATV, UTV, tractor or truck
- Dig trenches and holes over 6 feet deep

You don't need an expensive utility tractor to get the earth-moving power of a backhoe. The DR® Towable Backhoe is self-powered and handles big digging jobs with ease. Its compact size goes where larger machines can't, yet it has plenty of power for big digging projects. And the no-nonsense heavy-duty construction guarantees reliable performance.

**HEAVY-DUTY STEEL FRAME** Thick-wall, box-beam construction is tremendously strong and rigid. Most steel is 1/4" thick!

**12" BUCKET** Comes standard with purchase of backhoe. See next page for more bucket options.

**STABILIZERS PROVIDE A SAFE OPERATING POSITION** Support legs pin in place and extend 9' 9". The wide stance provides extra stability for safe operation.

**WORLD CLASS ENGINE PROVIDES UNMATCHED DURABILITY** The Subaru engine is among the very best small engines available. It's the first air-cooled engine in the world to use auto-style chain-driven overhead cam technology. Overhead cam design...cast-iron cylinder sleeve...and superior lubrication.

## **ATTENTION TRACTOR OWNERS!**

3-Point Hitch attachments can be a hassle to connect. The DR® Towable Backhoe is always ready to go, has as much reach and power as most tractor-mounted units, and **costs significantly less** than a digging attachment does!

See the DR® TOWABLE BACKHOE in action on our website!

**www.drpower.com/backhoe**

**1-800-376-9637**

**ROAD TOWING KIT**

Everything you need to go road-towable! Includes fenders, lights and wiring harness. Order it with your machine and we'll install it at the factory.

#25620 Road Towing Kit \$149

**MAINTENANCE KIT**

Includes engine oil, fuel stabilizer, air filter, spark plug, spark plug gapping tool, spark plug wrench, and Comfort-Plus Hearing Protectors.

#26088 Maintenance Kit, 6 HP \$59.95

#27339 Maintenance Kit, 9 HP \$59.95

#27758 Backhoe Protective Cover (not shown) Covers the control, seat, and engine. \$59.95

**2-LEVER CONTROL**

For the best in performance, and the smoothest operation, we suggest upgrading to our 2-Lever Control Handle. It allows for more efficient blending of bucket and boom movement, and provides the best in precise control. Installed at the factory.

#27132 2-Lever Control Handle \$199

**OPTIONAL ATTACHMENTS****16-INCH WIDE BUCKET**

Get an extra 4" of bucket width for faster digging and easier lifting of large stones, etc.

#25358 16-Inch Bucket \$399 (\$34.95)

**9-INCH WIDE BUCKET**

Narrow bucket digs precisely. Ideal for installing electric and plumbing lines, and especially close quarters.

#25357 9-Inch Bucket \$299 (\$29.95)

**RIPPER TOOTH**

Cuts through roots, breaks through frozen ground.

#25355 Ripper Tooth \$249 (\$24.95)

**GET THE FULL SET AND SAVE \$100!**

Order the 9" Bucket, 16" Bucket and Ripper Tooth together (along with the 12" Bucket that comes standard with the Towable Backhoe) and you'll be prepared for any digging project.

Purchased separately: \$947

Purchase the package: **SAVE \$100!**

# SELF-FEEDING CHIPPERS PUT AN END TO UGLY BRUSH PILES!

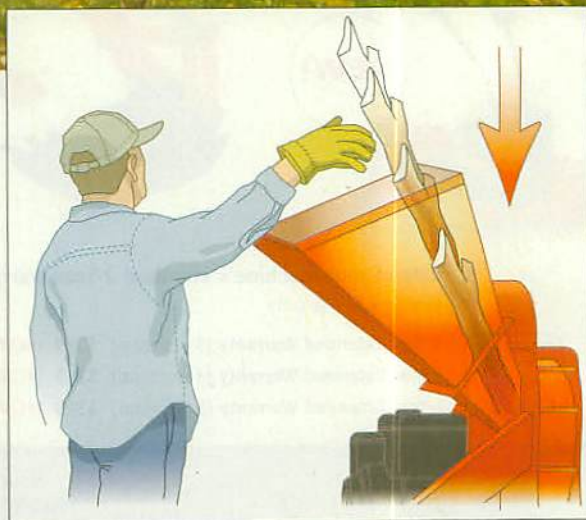

**1★YEAR  
HANDS-ON  
TRIAL**

- Clear your property of unsightly brush piles
- Drop branches in, woodchip mulch comes out
- Handles tough material up to 5-1/2" thick

DR® RAPID-FEED™ CHIPPERS are not complicated machines. Thanks to raw power, brush and branches go in — clean, useful woodchip mulch comes out. And because most material will self-feed, the work goes faster and easier than you ever imagined.

A DR® RAPID-FEED™ CHIPPER will help you turn brush pile eyesores into landscaping gold...keep your property tidier...help protect your house from wild-fires...and even improve the value of your land.

## DROP IT IN AND GET MORE. ALL DR® CHIPPERS SELF-FEED MOST MATERIAL!

About 90% of the material you drop in will chip on its own, freeing you to get more material. This spares you the aggravation so common with smaller chippers — the need to force-feed each branch by hand.

*Harness the power of your tractor for extra-fast and easy wood chipping! The 3-Point Hitch model features a large vertically-oriented hopper that directs material into the chipper blade. Just drop a branch in the hopper and let it chip, while you grab another. Most material will self-feed!*

#### SOLID STEEL FLYWHEEL

The flywheel is cut from heavy steel (3/4" thick) using the latest in high-definition plasma-cutting technology. The result is a perfectly balanced flywheel that weighs up to 76.5 lbs. The massive size of this flywheel provides the inertia necessary to power through knotty, hardwood branches up to 5-1/2" thick.

#### PROTECTED BY A 2-YEAR WARRANTY

against defects in materials and workmanship (in residential use).

#### HARDENED TOOL-STEEL CHIPPER KNIFE SLICES BRANCHES AT AN AMAZING 40 BITES A SECOND!

This is no ordinary knife. It's made of high-carbon/high-chromium forged alloy tool steel, making it exceptionally strong with an excellent edge-holding ability. This is the same type of steel used in industrial machine tools to cut other types of steel. Precision ground for sure, efficient cutting and long life.

**"I can now do in 20 minutes what took hours to do with my old department store chipper."**

— Randall Morgan  
New Bern, TN

#### DON'T WASTE TIME & MONEY ON SMALL, UNDERPOWERED CHIPPERS.

There are smaller, less expensive chippers available, but our testing shows they're at least 2-3 times slower than our DR® RAPID-FEED™ CHIPPERS. What's your time worth? The power and technology we put into each DR® RAPID-FEED™ CHIPPER will keep you working when other "bargain" brands bog down and clog up.

# ACCESSORIES

## MAINTENANCE METER

Records hours of use, engine RPM, and alerts you to change the oil and clean or replace filters.

#19945 Hour/RPM/Maintenance Meter \$39.95

## PROTECTIVE COVER (not shown) fits all models.

#25082 Protective Cover (RAPID-FEED™ models) \$89.95

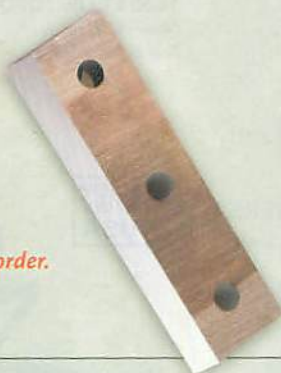

## REPLACEMENT CHIPPER KNIFE Kits include hardened steel knife, hardware, and gap gauge.

#24410 PREMIER \$59.95

#24412 PRO & 3-POINT HITCH (Rapid-Feed model) \$69.95

#24413 PRO-XL \$79.95

*Replacement Chipper Knives for older models are available. Please call or visit our website to order.*

## Keep your machine in top condition

Our Maintenance Kits include: drive belt(s), engine oil, fuel stabilizer, air filter(s), spark plug(s) and oil filter (as necessary).

Maintenance Kits for:

#24403 PREMIER \$44.95

#24405 PRO \$59.95

#24407 PRO-XL \$89.95

*Maintenance Kits for older models are available. Please call or visit our website to order.*

## Give your machine new life with a fresh battery

#13447 12 & 13 HP models; 16.50 PRO model \$49.95

#10483 All other models \$59.95

## HOW YOU HAUL IT IS UP TO YOU!

Add the Road-Towing Package to the PRO or PRO-XL model and you can transport your CHIPPER on the road. Features light kit, highway axle, high-speed wheels and bearings, fenders, 2" ball coupler and safety chains. The Pin-Hitch Package for the PREMIER model allows you to attach your CHIPPER to a garden or lawn tractor. Great for hauling with an ATV, too.

#24402 Road-Towing Package for PRO and PRO-XL models \$399

#24409 Pin-Hitch Package for PREMIER Model \$99.95

## EXTENDED DISCHARGE CHUTE

Our Extended Discharge Chute allows you to load chips directly into your pickup bed or cart, so you don't have to pick the discharged mulch up off the ground. You can also "broadcast" woodchips to cover up boggy areas or spots where grass won't grow.

#24401 Extended Discharge Chute (for PRO, PRO-XL and 3-POINT HITCH models) \$299

## CHIP BIG BRANCHES AND SHRED UGLY DEBRIS!

Just like our chippers, DR® CHIPPER/ SHREDDERS instantly turn tree branches up to 4-1/2" thick into bushels of beautiful wood chip mulch. But DR® CHIPPER/SHREDDERS are also shredders, with 48 free-swinging hammers that pulverize weeds, prunings up to 1-1/2" thick, and garden refuse to create nutrient-rich mulch and compost for gardens and flower beds. An oversized hopper requires far less trimming than competitive machines and standard electric-starting makes for quick starts, every time.
